

MONTHLY UPDATE · SEPTEMBER 2026

The September Update

Nine updates across the company, manufacturing and launch: a new US company, hardware in production, and a date for Kickstarter.

COMPANY	PERIOD	STATUS
Adarna Inc.	September 2026	Confidential

CONTENTS

In this update

Nine updates this month, in three parts.

01 **Company** 3 updates

IBT Aura is now Adarna Inc., a Delaware C-Corporation. We are parting ways with a venture partner, and we raised \$5,000 in family investment.

02 **Manufacturing** 4 updates

The Aura Clarus 3D model is ready. The aluminium frame, optical glass frame and circuit board are all in manufacturing.

03 **Launch** 2 updates

The website moved to adarna.us, and the Kickstarter campaign is planned for early December.

The company

IBT Aura is now Adarna Inc., registered in the United States as a Delaware C-Corporation. This month we also parted ways with a venture partner and raised family investment.

A new company, a clean start. Adarna Inc., a Delaware C-Corporation.

Adarna Inc., and two changes

C-Corp

ENTITY TYPE

Delaware

STATE OF INCORPORATION

\$5,000

FAMILY INVESTMENT

Now Adarna Inc.

- IBT Aura is now **Adarna Inc.**, a Delaware C-Corporation registered as a **separate legal entity**. IBT Aura Private Limited remains a separate company in India.
- Delaware file number **10784700**. Owned entirely by the two founders.

Venture partner

We are parting ways with our venture partner, **MGM Investments**, because our visions for the company differ. The termination is in process.

Family investment

We raised **\$5,000** as family investment.

Manufacturing

The first physical Aura Clarus is being made. The 3D model is ready, and the frame, the optical glass and the circuit board are all in manufacturing.

From model to metal. Frame, glass and board, all in production.

Hardware in production

One part is finished and three are with manufacturers, with every part expected by early November 2026.
